

DR. FISH & OCEAN SPA

HALF DAY EXCURSION / TRANSFER FROM PUJ

The perfect excursion for lovers of relaxation and health

More than an excursion, a spa in the middle of the Caribbean Sea, where, on board the health cruise, we will enjoy relaxing activities such as bio-pilates and we will rest on floating mattresses listening to melodies that have been previously selected to provide an environment of peace and Total relaxation.

We will enjoy two different types of massage, the traditional way with expert masseurs and using electronic tables that provide multiple benefits. We will also take advantage of electronic ionization machines, which help eliminate all toxins from the body.

We will end this experience by visiting some very special dermatologists, who are known as Doctor Fish. All this to pamper us together with an excellent service!
