

HIDDEN PARADISE 360°

FULL DAY EXCURSION WITH LUNCH / TRANSFER FROM PUJ

Live a unique experience with this tour in comfortable vans or buses with A / C departing from our base of operations in Downtown Punta Cana or Hard Rock Hotel, once on board we head east deep, to the new tourist destination of the Dominican Republic, the town of Miches.

Once we reach our first destination, the famous REDONDA MOUNTAIN, we board one of our safari trucks to discover the real adventure going up to the top of the mountain where a beautiful 360 degree panoramic view awaits us, once at the top we will see the Bay of Samaná, Laguna Redonda, Laguna Limón, Playa Esmeralda and Playa Limón, we can also enjoy the view of the entire eastern mountain range , something you can never forget.

Having taken the best photos of the moment, of this paradise place with a unique landscape, we prepare to board the safari trucks to get off the mountain and get on our van or bus and head to the Village of Miches where we will board a fabulous catamaran with the best animation to head to Punta de la Finca Beach, where we will enjoy a spa time on this unspoilt beach of crystal clear waters.

While we are on the beach start our Open bar with national drinks. Once we have enjoyed our free time on one of the best beaches in the Dominican Republic, we board our catamaran and taste a snack on board as we head to the natural pool Media Luna.

When we arrive at the natural pool we will hear some recommendations from our staff to get off the catamaran and place our snorkeling equipment to observe the different types of fish, starfish, reefs and marine species that this wonderful fauna has for us.

Upon returning to the pier, a full international food and beverage law firm awaits us. We finished our great day with this last activity and returned to the pier to board our bus and return to the hotel.

Everything you need for an unforgettable day!
