

EXCURSION RIO CHAVON & SAONA

An exclusive Saona

The 3 boat tour begins with a tour from the Hotels to Casa de Campo Pier, an emblematic Resorts, which provides a unique lifestyle, hosts impressive properties of international celebrities. When we get there, we'll board a Mississippi-style river boat for a stroll through the lush natural landscape of the Chavon River, the setting for international films like Apocalypse Now and Rambo II.

Moving towards the mouth of the river, we will board the speedboats facing the natural pool with stop at the Rock. Free time in the crystal clear waters of the natural pool to enjoy a rich bath accompanied by drinks and a friendly animation.

We resume our journey to Playa Abanico, on Isla Saona to enjoy a delicious lunch, drinks and relaxation on the island.
