

SLINGSHOT RIDE PUNTA CANA

HALF-DAY EXCURSION / TRANSFER FROM PUJ

Slingshot Ride is a unique and exclusive sightseeing tour at the destination and throughout the Caribbean. Departure from the base in modern futuristic cars, facing Macau beach (30 minutes) where you will be greeted with a refreshing cocktail of natural coconut cut in front of the customer while admiring the majestic view that this beach offers, not without first passing through the village of Macau where you can appreciate the day to day in real time of our Dominican people in the area. In Macau you will have a time for photos and rest on the beach (45 minutes).

Afterwards we will leave Macau with direction back to Downtown Punta Cana at moderate speed (30 minutes) where they will be received by museum staff and begin the guided tour where they will be explained and show the real-time processes of the manufacture of cigars and artisan rum, in 2 different sections with option to try each of these products representative of the country (15 minutes). You will be given 15 Minutes free to purchase some souvenir product representative of the region and to rest in our lounge bar where you can enjoy (1) a complimentary non-alcoholic drink.
